

JULY 21, 2017

Greetings,

I hope you are enjoying the summer months with your family, and that the time isn't flying by too quickly. Just in case you are thinking about the upcoming school year, District 1 has you and your student covered.

On August 12th, I will be hosting my third annual Back to School Wellness Fair at Edison High School. Students from all over the City, Pre-K through high school, are invited to attend and receive a free backpack with school supplies. Additionally, there will be plenty of area organizations in attendance offering free services like haircuts, asthma screenings, dental screenings, haircuts, and more. The San Antonio Food Bank has graciously offered to provide two free meals (breakfast and lunch) to each of the students. My goal is for the students and their families to stay at the fair to learn about the various resources and organizations available to them, so we will be sure to keep things lively with raffle prizes and activities for the children.

Teachers are some of the hardest working and underappreciated professionals. On average, teachers will spend approximately \$500 of their hard-earned money to provide school supplies to students per school year. By providing backpacks and school supplies for 2,200 total students we hope to save San Antonio area teachers \$55,000 dollars. Please invite any and all area students to come take part in the back to school fun!

The City Council will resume regular meetings beginning the first week of August. The first item the Council will take up is the Fiscal Year 2018 Budget. Stay tuned for updates from my office.

Have a great summer!

Yours in service,

Roberto C. Treviño  
City Councilman  
District 1

## **Remembering Jaime Martinez**

Recently, San Antonio lost lifelong activist Jaime Martinez.

I am deeply saddened by the passing of Civil Rights activist Jaime Martinez. He was a brilliant and driven person whose legacy has left an everlasting imprint on our city. The respect and dignity Jaime held for each and every individual earned him the devotion and friendship of many locally as well as across the country.

My sincerest condolences go out to his friends and loved ones during this time. It was truly an honor to march alongside Jaime. Like the many who knew him, I will never forget the discussions we had on history, equality, and equity. May he rest in eternal peace.

Metro Health encourages everyone in the community to also follow safe practices to avoid mosquitoes around their home and in their yard by following these tips:

- Empty standing water from outdoor containers (even small containers).
- Use air conditioning or make sure there are screens on all doors and windows to keep mosquitoes from entering the home.
- Wear long-sleeved shirts, long pants and socks to protect exposed skin during dusk and dawn, which is when mosquitoes are active.
- Use EPA-registered insect repellents on skin not covered by clothing.
- Spray insect repellent on the outside of your clothing (mosquitoes can bite through thin clothing).
- Do not spray insect repellent on skin that is under clothing.
- Insect repellents containing DEET, picaridin and IR3535 are safe for

- pregnant and nursing women and children older than 2 months.
- Do not spray aerosol or pump products in enclosed areas or directly on your face.
- Do not allow insect repellent to come in contact with your eyes or mouth.
- Do not use repellents on cuts, wounds or irritated skin.
- Use soap and water to wash skin and clothing that has been treated with insect repellent.

## **Council Committee Update**

Mayor Ron Nirenberg recently released the appointments for the nine City Council committees. I am glad to report that Mayor Nirenberg has selected me to chair the Arts, Culture, and Heritage Committee. Additionally, I will sit on the Governance Committee, the Audit and Accountability Committee, and the Comprehensive Plan Committee.

I look forward to working hard for you on each committee. Please contact my office with any feedback or recommendations related to my committee assignments.
